

My Cards are Wack!

WHAT'S THE PROBLEM?

- Are you distracted by your environment?
- Have you grounded yourself?
- Have you done more than 5 readings today?
- Have you cleaned your cards lately?
- Are you storing your cards properly?
- Has anyone touched your cards without permission?
- Are you asking the same question, or type of question constantly?
- Do you have a pressing life issue you need to address immediately?

My Cards are Wack!

WHAT'S THE PROBLEM?

Learning to read Tarot without all the confusion and overwhelm probably just seems like a pipe dream. You have to know what 78 different cards mean, and then, figure out how they all work together. It's crazy!

You have probably thought many times the solution can be found online. So you hit every link on Google, and every group on Facebook, and quickly realize....

No one has ever done this exact reading before.

None of these meanings are the same.

Every person says something contradictory to the last one.

And you still have no idea how this card plays with that card.

But I want you to know that it doesn't have to be that way.

In fact, there's a simple system to reading the Tarot that the pros use to give their clients impactful, insightful, and accurate readings, consistently.

It slashes the overwhelm

It lets you know how the cards play together so you can read them together

It gives you a roadmap for reading symbolism

and it delivers superior results

to your clients (which means more \$\$\$ for you).

The best part is, you can implement this system on your very next reading, and it makes learning Tarot fun again, instead of endlessly frustrating.
